

evolution

Show data series over time. Give emphasis to changing trends.

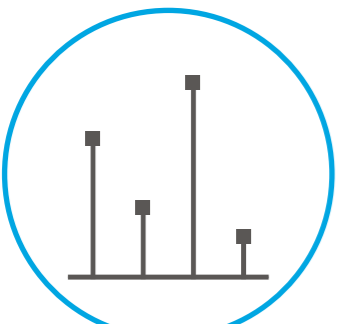

columns

line

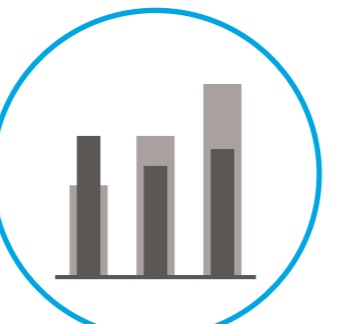

stacked columns

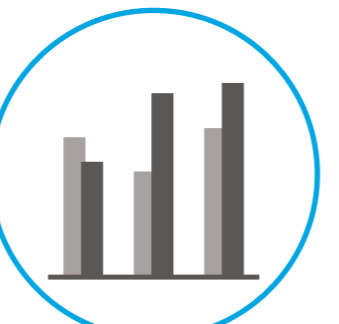

vertical pins

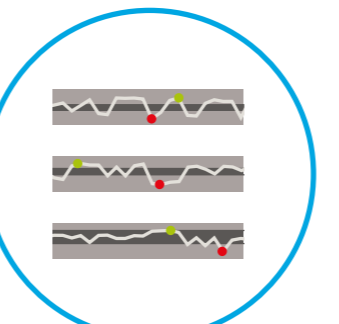

dots

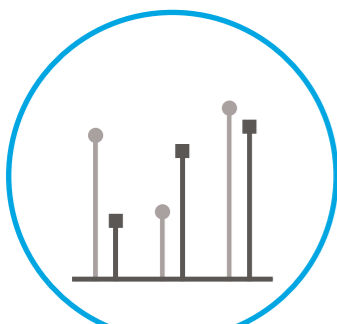

overlapping columns

grouped columns

sparklines

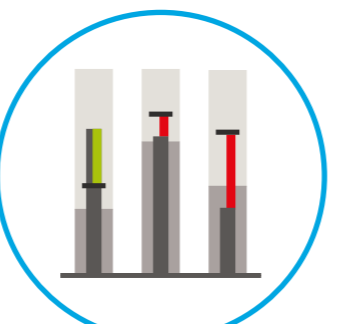

vertical grouped pins

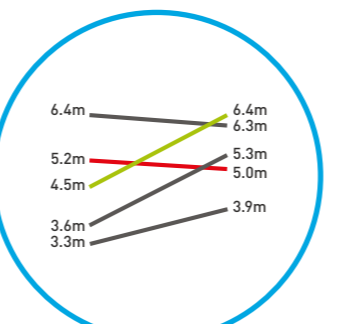

floating columns

vertical waterfall

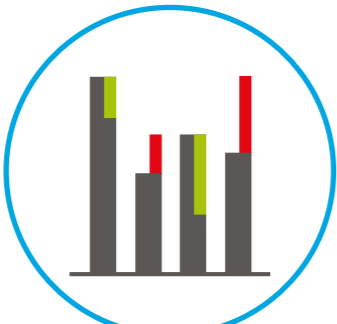

vertical bullets

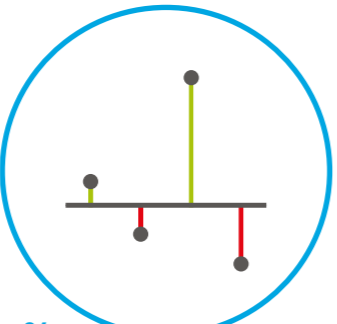

slope chart

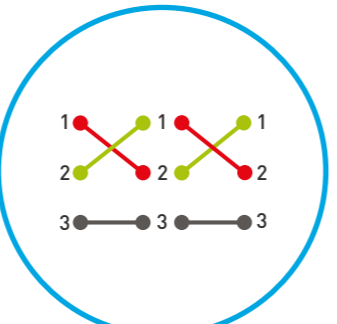

deviation columns

offset columns

vertical deviation pins

bump chart

area

horizons

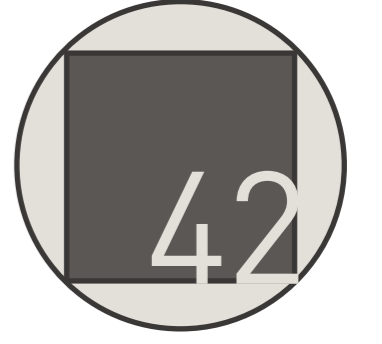

numeric

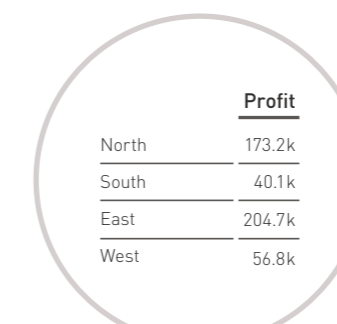

number tile

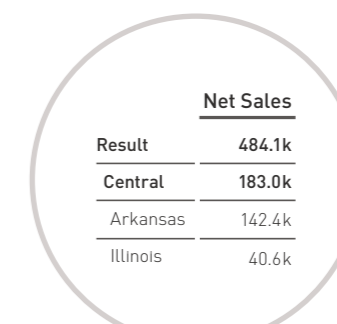

deviation tile

Show data as digits to emphasize details.

flat table

hierarchical table

comparison

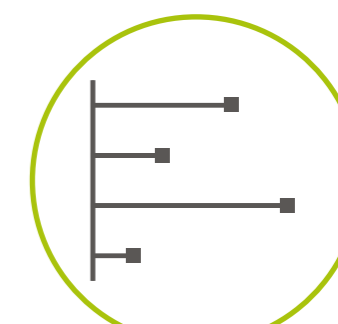

Show sizes to compare elements absolutely or relatively to each other.

bars

stacked bars

horizontal pins

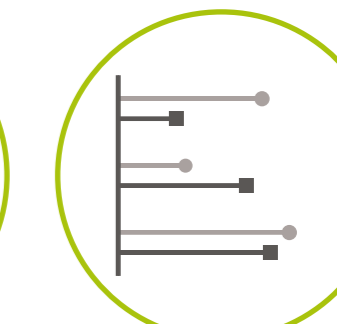

overlapping bars

grouped bars

negative stacked bars

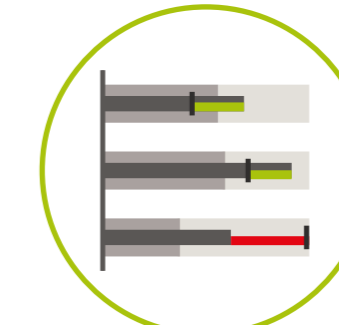

horizontal grouped pins

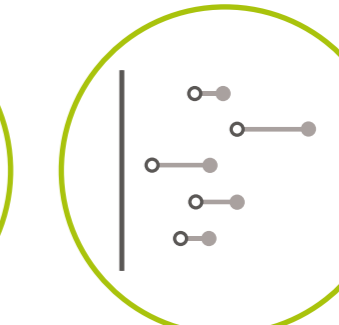

floating bars

horizontal waterfall

horizontal bullets

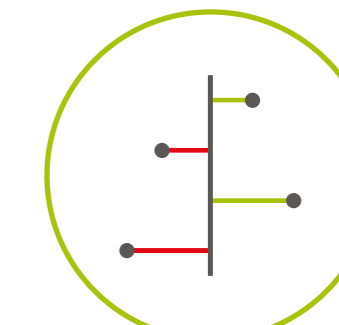

dumbbells

deviation bars

offset bars

horizontal deviation pins

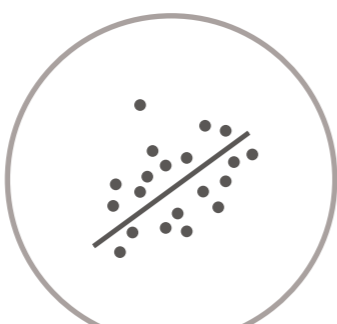

distribution

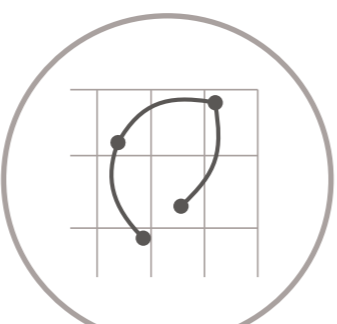

Show frequency, how data is grouped or spread out.

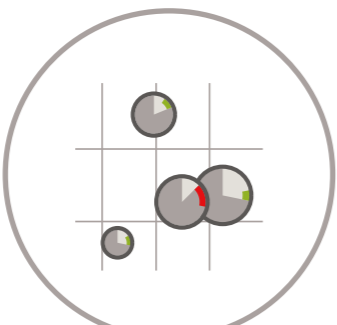

histogram

scatterplot

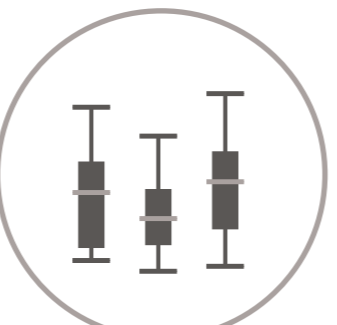

connected scatterplot

bubbles

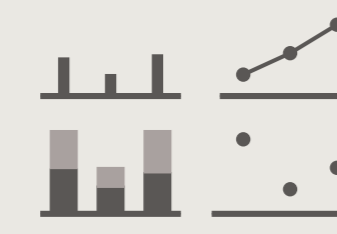

pyramid

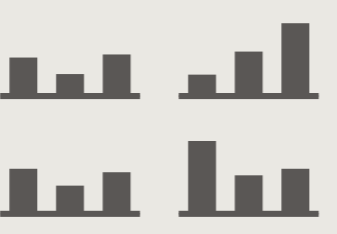

boxplots

helper

Use visual enhancements for a better understanding.

trellis
